Dear Stephanie

I am pleased to advise that the Public School Review of Serpentine Primary School has been completed. I endorse the report and am satisfied it will provide a basis for sustained school improvement.

The performance of your school, determined through your self-assessment submission and validated by the review team, has been confirmed to be exceptional.

The timeframe of return for the next Public School Review of your school will be 5 years and is to be scheduled for 2030. You will be formally notified in the 2 terms leading up to your school's scheduled review.

I acknowledge the efforts of you and your staff in optimising the conditions for successful students. The commendations and recommendations for your school against each of the domains are noted.

I understand that as a leader you are highly valued by your school community and that together with your leadership team are leading a compelling improvement agenda underpinned by a 'high support, high expectations' philosophy that is empowering staff to deliver excellence in education. It is also my understanding that staff and leaders demonstrate an exceptional commitment to ensuring every child reaches their potential and that sophisticated curriculum development is informed by educational experts and is responsive to students' needs.

Additionally, the review team acknowledged Serpentine Primary School's extensive collaboration with schools at the local, state and national level centred on the sharing of research-based practice and programs, professional learning and teaching resources. The review team noted that this in turn adds value to the school's development of quality teaching as well as contributing to other schools.

As stated in the initial correspondence, please make the report available to your staff and school community and upload it to your school website and/or Schools Online for a minimum period of 12 months.

I know you, your staff and school community will take the opportunity to use this report to continually improve outcomes for your students.

Yours sincerely

Steven Watson
